# Acta Cybernetica
 A scientific journal published by the Institute of Informatics [1], University of Szeged [2], Szeged [3], Hungary [4].

- Editorial Board [5]
- Information for Authors [6]
- Information for Reviewers [7]
- Subscription Information [8]
- Past Issues (Online database) [9]

Acta Cybernetica is abstracted by Mathematical Reviews [10], Computing Reviews [11], Zentralblatt für Mathematik [12] and ACM Digital Library [13] It is also indexed by Scopus [14], DBLP [15], EBSCO and Emerging Sources Citation Index (ESCI).

## Editoral Management

Acta Cybernetica now use the OJS editorial management system [16]. Please register [17], and log in [18] to submit, review or manage an article. In case you find any problem using the OJS, feel free to contact the Managing Editor.

## Scope

Acta Cybernetica covers a broad range of topics in the area of Computer Science. The major themes are as follows:

- Theoretical Computer Science
- Management Science and Operations Research
- Computer Vision and Pattern Recognition
- Electrical and Electronic Engineering
- Software
- Information Systems and Management

The editorial board solicits original, unpublished high quality scientific papers in any of the above fields.
