# Budapest Associate Partner Group

## Goal:

creating a functional and viable regional educational, research and innovation hub on CEE level driven by a business perspective

## EDUCATION

Creating a new breed of entrepreneurs

## RESEARCH

Enabling excellent individuals and multidisciplinary teams to develop breakthrough ideas

EIT Master Schools

Schools & Camps

Spearhead Research

Experience Labs & Living Labs

Testbeds & Simulation Tools

Cross-Sectoral Mobility

EIT Innovation Radar

## BUSINESS

Supporting innovators all the way to the market

# *„Creating a new breed of entrepreneurs”*

## **Industry driven ICT education – MSc**

### **EIT ICT Labs Master School**

- Budapest's contribution: 2nd year of the SDE, S&P, DMT.
- High-skilled Hungarian and CEE students with solid mathematic and computer science background.
- Student consulting services.
- ***Budapest became coordinator of the Security and Privacy major.***

### **EIT ICT Labs Master School Kick-off 2014 October in Budapest**

- ELTE is the organizer of the third kick-off ceremony (Stockholm, Berlin)
- I&E training programs and formal events combined
- cca. 500 participants

# Doctoral Training Centre Budapest

## ICT research topics combined with I&E education

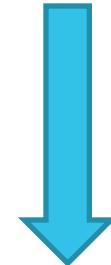

- 16 Hungarian doctoral candidates enrolled in the first year  
(18 more doctoral candidates to be enrolled in 2013 and 2014)
  - Focus:  
**Excellence in communication software and system performance**

# Business - platform of innovative SMEs

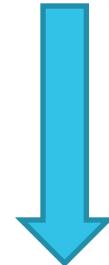

Hungarian micromultis  
altogether cca. **30 m EUR**  
revenue / year:

- Aitia,
- Attrecto innovation,
- BalaBit,
- Binergy,
- Bonn Hungary,
- IND,
- Intellifactory,
- IVSZ,
- NETvisor,
- Prezi

Established best practices for  
disseminating knowledge and  
expertise on dynamically  
developing small companies

**Academy**

**Industry**

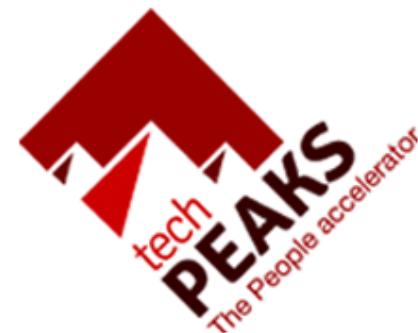

To encourage the development  
of a regional platform of companies,  
which gives rise to more highly added value jobs in the region.

# Startup Activation - EIT ICT Labs

„Supporting innovators all the way to the market”

## Link startups to EIT-related entrepreneurship programmes

- Leverage already existing programmes, such as
  - Berlin: Deutsche Telekom Innovation Contest
  - Helsinki: AppCampus, Startup Sauna, Demola
  - Trento: TechPeaks
  - Budapest: Startup activities of ELTE and BME
- Execute with the help of startup ecosystem actors in X-European countries

# Startup Activation - Budapest

## BrassTacks – Intensive Startup Training

- Regional startup competition – in cooperation with MMCluster and Avec
- Intensive, practice oriented and interactive modules
- Tailor-made for early stage startups
- Participation of Rob Fitzpatrick and other foreign and Hungarian experts
- Meeting opportunity with VCs and multinational companies
- More than 30 applications in two weeks and 7 startups from 5 countries (Austria, Slovenia, Bulgaria, Romania, Hungary) selected

**Next training is planned for November 2014...**

# Research

***„Enable excellent individuals and multidisciplinary teams to develop breakthrough ideas“***

Researchers + students  
from universities and industrial partners work together  
on innovative R&D&I projects.

Their innovation potential is supported by  
national, European and EIT ICT Labs grants and funds.

# Student success stories

## Student from Budapest won CH.A.N.G.E Award 2013

Annual award of EIT to support entrepreneurial talents

- **Dorottya Maksay**, master student at EIT ICT Labs Budapest, was awarded for developing her Homebuddy initiative
- **Homebuddy** provides social interaction and care for elderly people by matching them with students who need accommodation.

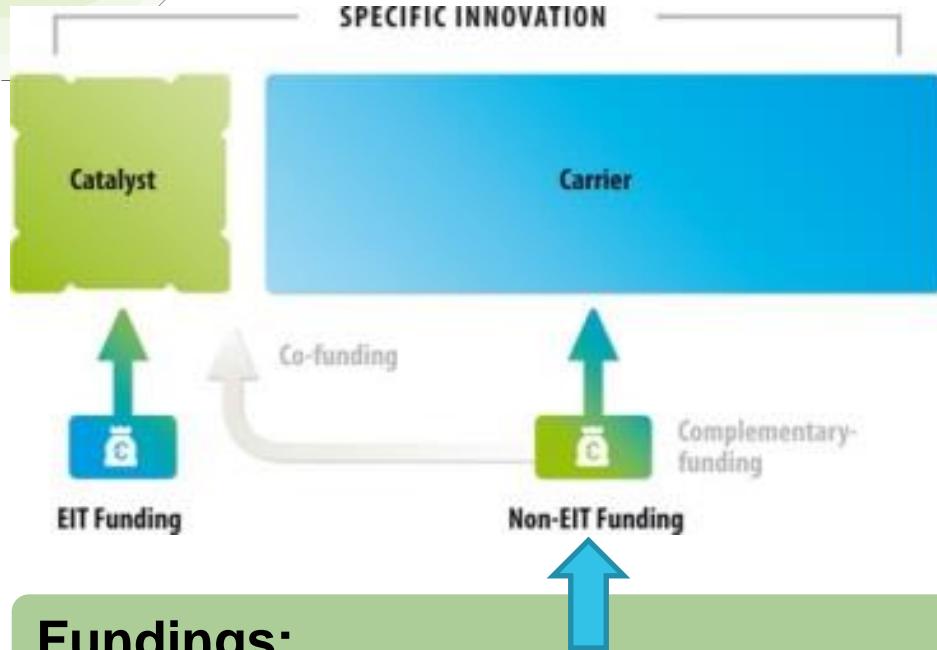

# Student success stories

**Music game developed by EIT ICT Labs Master student Ádám Kapos ranked top in Windows Phone Store**

**SongArc: a big app hit  
almost 1.000.000 download**

# Financing structure

- To set up the local CLC and carrier project between January 2013 and the first half of 2014
- Consortium: ELTE, BME, Cisco
- The EIT funding serves to realize the innovation cycle

## Fundings:

- Industry funded R&D projects
- EU FP7 and national R&D projects
- **Dedicated Research and Technological Innovation Fund grant**  
**Carrier funding for further R&D activities: 1.000.000.000 HUF**
- Support from the Minister of National Development  
Financial background for the preparation period: 20.000.000 HUF
- „Social Renewal Operational Program” (TÁMOP)  
Education - Curricula Development: 120.000.000 HUF

## 2013 & 2014: 12 R&D&I ICT projects

### IDENTIFYING THE PROBLEMS OF COMPLEX INFOCOMMUNICATION NETWORKS

Cyber-Physical Systems;  
Future Networking Solutions.

### FUTURE DIGITAL FIELDS AND MOBILITY

Urban Life and Mobility;  
Future Networking Solutions.

### HUMAN COMPUTER COLLABORATION

Future Cloud;  
Smart Spaces.

### PRIVACY, SECURITY AND TRUST

Smart Energy Systems.

CPS For Smart Factories –  
András Lőrincz, ELTE

Future Programmable  
Networks – Attila Takács,  
Ericsson Hungary and Roland  
Vida, BME

Europa – EIT's Cloud-based data –  
András Benczúr, ELTE

Security monitoring for critical  
infrastructure – Levente Buttyán  
and Márk Félegyházi, BME

Dedicated Fund from the Research and  
Technological Innovation Fund for R&D activities: 1.000.000.000 HUF

A projekt a Kutatási és Technológiai  
Innovációs Alap támogatásával valósul meg.
