

SSIP 2016

24th Summer School on Image Processing
7-16 July, 2016, Szeged, Hungary

Call for Participation

The **Summer School on Image Processing** aims to provide a stimulating opportunity for graduate and PhD students interested in image processing. The 24th edition will be held between **July 7 and 16, 2016**, in **Szeged, Hungary**, organized by the Department of Image Processing and Computer Graphics, University of Szeged. Participants will benefit from direct interaction with internationally renowned researchers in various fields of image processing and computer vision as well as from interacting with fellow participants from all over the world. Students will also have the possibility to present their own research in a short talk. The established tradition of SSIP is that, in addition to morning lectures, students work on a project assignment in international teams, which are then evaluated by a committee of lecturers on the last day. Students will receive a certificate of attending the Summer School and passing the exam, which is recognized as a special PhD course by several universities.

Application: The school is open to about 50 motivated and pre-selected candidates. Graduate and PhD students, post-docs and young researchers (both from academia and industry) are encouraged to apply.

Student Session: SSIP provides the opportunity for participants to present their research in short talks. Please submit your proposal along with your registration.

Accommodation: Participants can arrange their accommodation by themselves. We offer a limited number of places in a student hostel for a moderate price. The hostel is nicely located in the city center.

Costs:

Registration fee:	EUR 120
Accommodation in double/single rooms in the student hostel:	HUF 4250/5300 (/person/night)
A set meal in the university canteens:	ca. HUF 800

Summer School Language: English

Important dates:

Deadline for application:	June 12, 2016
Notification of acceptance:	June 19, 2016
Payment of registration fee:	June 30, 2016
Summer School on Image Processing:	July 7-16, 2016

Further information: Application forms, information about the previous schools, lecture topics appear on the SSIP 2016 website:
