

Checklist for the comprehensive exam

- Read the regulations carefully (they are not long!)¹
- Check the subjects of the theoretical part of your exam² (these correspond to some of the courses you took)
- Consult the lecturers of your subjects about the exam questions/topics related to the given subject as soon as possible
- Carefully note the date and time of your comprehensive exam when available³
- Upload your research report to Coospace no later than 2 weeks before the exam as per the instructions in the *Regulation of the comprehensive examination* and the email you will get
- Contact your supervisor and make sure he/she uploads the Supervisor's assessment
- Prepare your presentation as per the instructions in the *Regulation of the comprehensive examination*
